

## *THE CROWN CHRONICLE*

Fall 2021

**Dan Moran**  
NH Gas Licensed  
CSIA Certified Chimney Specialist

Dan has been scaling rooftops since 2001 and is always first to grab the scaffolding and shift into high gear. Dan is a CSIA Certified Chimney Specialist and trained carpenter who serves as the installation crew team lead. With an eye for design, Dan brings customer visions to life by creating original and beautiful stone hearth faces that enhance any style/décor. Dan advises people to “keep up with chimney maintenance” to ensure a safe and comfortable home throughout all four of our NH seasons.

**WIN A FREE SWEEP**  
(or apply the value toward other chimney services)

The NH State Home Show is back! Join us at the “longest running show for home and building products within the New England States” September 24-26 at the DoubleTree Hilton (downtown Manchester). Visit us at booth #1501 and spin the wheel for a chance to receive discounts for services. Also, enter a raffle for your chance to win a free sweep!

*(\$300 value)!*

## What is Peace of Mind Worth to You?

How often do we settle? There are times when compromise isn't a bad gamble but when your biggest investment, your home, is at stake, it makes sense to be a bit more discriminating. When it comes to venting *gas, solid fuel and oil* appliances, it's not just a matter of convenience but a matter of necessity and safety.

Crown Chimney technicians are trained and certified professionals who are passionate about what they do from the basement up - be it a routine inspection/sweep to protect the flue from emitting carbon monoxide and fire or exterior chimney work to thwart off critters or leaks. Each and every one of our Crown Chimney technicians lives by a code of ethics, upholding a customer-service focus, and prioritizes the safety of the customers they serve. Our technicians are committed to you, our neighbors and friends - and when a Crown Chimney technician is on the scene you can expect a job done right the first time.

Let Crown Chimney do the work - let us remove stress and anxiety by giving you *peace of mind* so you can say *goodbye* to that nagging chore, goodbye to inconvenience, *goodbye to worry* and let go of distractions! Rest assured that by partnering with Crown Chimney you can say *hello* to safety, *hello to reassurance*, hello to comfort and focus on what really matters - fun, family and friends in the comfort of your home!

### KEEP THE HOME FIRES BURNING

Learn more about how to safely burn wood through the winter season with the help of the Chimney Safety Institute of America.

Click [here](#) for details!

### GET LUCKY

In the 1700's when King George's horse was startled by a barking dog, legend states that a chimney sweep jumped into action when he grabbed the reins to calm the horse and ultimately prevent disaster. As a gesture of thanks, the king awarded the chimney sweep (and all of those in the profession) the right to wear top hats and tails, a custom reserved for gentry and royalty. From that time forward, chimney sweeps were considered lucky.

### FIRE SAFETY WEEK

In 1925, President Calvin Coolidge proclaimed Fire Prevention Week making it the longest-running public health observance in our country. October 3-9 is the 2021 week of fire education and safety awareness. Check out the National Fireplace Safety Institute's [website](#) to learn more!
