

THE CROWN CHRONICLE

Winter 2022

Tom Gilbert

NH Gas Licensed
CSIA Certified Chimney Specialist
Team Lead

Tom found his way into the chimney sweep world through a friend and his interest was stoked. Tom has been invited into the homes of Crown Chimney customers since 2015. While able to service oil, gas and solid-fuel appliances, Tom is known as our resident pellet stove expert. Tom leads the maintenance crew at Crown Chimney so it is no surprise his advice is to “have your chimney cleaned and

BRUSHES

Joseph Glass invented the first chimney brush in 1864. Today's brush is similar in design but made from wire or polypropylene (not whalebone).

byproducts of combustion? Is there creosote buildup or a blockage? Are you fulfilling the terms of your liner warranty? We can help ensure your vented appliances are running safely and efficiently!

TO THE RESCUE

This curious kitty found itself in a tight spot. Thankfully our tech was able to safely remove Fluffy from the flue and extinguish this heated situation.

Protect your Home, Protect your Pets!

According to the National Fire Protection Association (NFPA) pets accidentally cause more than 1,000 fires every year.

Enjoy the warmth of the fire with your four-legged family members - click on [this link](#) for suggestions to keep everyone safe.

Remember to never leave your pet unsupervised around a fire, use your heat appliances per manufacturer's instructions and have Crown Chimney inspect and sweep (if needed) your gas, solid fuel and oil-burning flues annually.

Betty White Challenge

While your furry family members are enjoying the warmth of the fire, consider donating to your favorite animal shelter so those looking for a cozy place to nap will have all the comforts of home while they wait for their forever home #bettywhitechallenge
